Experiencing Is Better Than Being Told

Come Experience East Africa with Manya Africa
Experience great wildlife encounters with your own eyes

Martin and Kerstin, Germany

We witnessed ourselves on our tour through Uganda how great the preparations and the handling of the tour were conducted.

Even our driver Carlos was very professional, accommodating and open for extra wishes.

The length of the tour was perfect so that we could inhale the beauty of Uganda.

Also the extension to Tanzania was planned perfectly.

Tim Epperlein, Germany

After traveling a few times in East Africa, we were a little worried in advance - whether the accommodations are as nice as it sounded in the brochures, if the driver is as friendly, informative and entertaining as you wish, if everything with the tickets would work out ... but all our worries were unjustified, everything was perfect and in the end we did not want to leave. Not from Robert, not from the national parks, not from Uganda. So many thanks for your efforts and the great organization.

We’ll be back for sure and hopefully you’ll build us such a great tour again.

The many national parks and game reserves testify to the natural beauty of Uganda. In the national parks of the country you can experience the real, yet untouched wilderness. There you will find an extraordinary biodiversity, where Mountain Gorillas and Chimpanzees live beside Sitatunga Antelope and Forest Elephant.

In other Parks or reserves you even find the rare Tree Climbing Lions and White Rhinoceros. Uganda is home of over 1,000 species of birds and attracts many professional bird watchers every year. The glaciers of the Ruwenzori Mountains and their formation at Lake Mutanda in southwestern Uganda are also impressive and a paradise for Mountain climbers.

Visitors return to Uganda’s welcoming people and the temperate climate. The 52 tribes and their different languages, culture and dances, all living peacefully next to each other, set the country apart.

You can get in touch with the native people and the real rural life in one of the many social and community projects. Or follow the historical tracks of the great Explorers like Speke, Stanley or Livingstone and visit the Source of the Nile. Not to forget the many adventure sports opportunities like the 5 grade white water Rafting, Bungee Jumping, squad biking or horse riding along the River Nile. Let Uganda inspire you!

Rwanda – the “Land of a Thousand Hills” with its sheer unlimited biodiversity and unique landscapes is one of only three countries in the world where the critically endangered Mountain Gorillas live. Experts estimate that there are only 1,000 mountain gorillas still in existence – and one third of these are in Rwanda, in the staggering beautiful Virunga volcanic chain, an area which is famous for the American Gorilla Researcher Dian Fossey.

Rwanda’s dynamic landscape is one of its main attractions. Watch the mist rise over the hills and cascade into the beautiful Lake Kivu.

The small country is a burgeoning adventure hub with some of Africa’s most unique, challenging, and rewarding hiking and biking trails. Breathtaking panoramas are at nearly every turn. Scale volcanoes and glide past serene rivers. Create an experience that you’ll never forget.

Let the peace and calm of Rwanda surround you. Whether for a weekend or longer, let the fresh air and easy pace of Rwanda relax and renew you.

You’ll be greeted by the warmth of the Rwandan people as soon you arrive. Learn about many traditions and help the Rwandese remember their past. Join us in celebrating the rich diversity of Rwanda today and the bright future ahead.

Why not combine a trip to Rwanda with a visit to neighboring Uganda, Tanzania or Kenya?

The Coast of Kenya or Indian Ocean Coast line is a splendid ribbon of silver and sapphire, bright coral and white beaches. The unique Swahili culture, a fusion of the many influences of early times in the Coast has created a pace of life, myth, heritage and magic not found anywhere else in the world. The highlights of the coast include the historic Mombasa built around the falls of the 16th Century Fort Jesus and the Magnificent Lamu. The waving palms, white-walled mosques, black-veiled women, fleet of dhows harnessing the trade-winds enchant and fascinate the Swahili coast. Manya Africa Tours are experts in Kenyan travel plans.
